COMMUNITY OUTREACH

Vishnu Center is a voluntary agency working in the areas of rural development, child education, women empowerment, Health and Nutrition. Vishnu Center, committed to the ideal of village development, is rendering several social service activities covering education, housing, health & hygiene, water supply, upliftment of women and other infrastructural development activities spread over the two states of Telangana and Andhra Pradesh where the campuses and sister concerns of Sri Vishnu Educational Society are located.

MISSION

- To create self employment opportunities and skill up gradation.
- To extend financial assistance for the economically weaker sections.
- To support environment friendly Green Practices.
- To establish hospitals and rural health centers.
- To promote community health and hygiene.

SMART VILLAGE

Dr. B.V. Raju Foundation has adopted Kovvada-Annavaram Village as a part of Smart Village-Smart Ward towards Smart Andhra Pradesh

ZPH SCHOOL KOVVADA ANNAVARAM

Despite the best efforts of all concerned, drinking water supply and sanitation continue to be inadequate in many communities. Depleting ground water table and deteriorating ground water quality are threatening the sustainability of rural water supply. The lack of adequate sanitation and safe water has significant negative health impacts including diarrhoea. There

is a need for serious initiatives to improve the rural drinking water and sanitation. Vishnu Center works with an objective to provide safe drinking water to communities in need.

Our Role to Conserve the Nature

Environmental pollution and degradation has become a core area for concern nowadays. The foundation sees parks and green spaces as integral elements in achieving liveable and sustainable towns. Development of green space, apart from helping in environmental beautification, reduces pollution and contributes significantly to stress reduction. Preventative health value of green space is growing day by day. The foundation donated Rs 10 lakhs for developing a park for public use in the name of Dr.B.V.Raju.Municipal Park and Veeramma Pond in the heart of Bhimavaram town, WG.District.A.P.

Shelter for the needy

The foundation strives towards providing shelter for families and individuals in need. Apart from giving free land plots to needy people and low income people, the foundation also helps in developing basic infrastructure and facilities to housing colonies wherever necessary. Financial assistance and donation of building materials to the needy for the construction of houses and infrastructure are also actively undertaken by the foundation.

Health & Nutrition

Health and nutrition have been the major concerns of our society today. To a great extent the enhancement of community health care depends on the generosity of philanthropic contributions. Having realized such ideal the foundation has made significant contributions towards the health & wellness of the under-privileged and the sick, living around the Bhimavaram division.

Scholarships

The foundation sincerely endeavours to make education accessible to students with limited means by providing scholarships. The foundation is contributing an amount of about 20 lakhs every year towards scholarships and concessions to students, studying in various courses ranging from primary to P.G level, purely on basis of merit and means, irrespective of religion, caste and community. Apart from this the society is donating an amount of 4.20 lakhs every year to various institutions towards meritorious scholarships to the students of those institutions in the name of our Founder Chairman Dr.B.V.Raju and his wife Smt.B.Seethamma.
