## REPORT ON POETRY WRITING – WORLD POETRY DAY

### INTRODUCTION

Writing is a productive skill. For today's employee at an office, writing skills are essential. Undoubtedly, the way we convey our messages, ideas and thoughts decide the career growth of the professionals. Today's students are tomorrow's employees. As a result, we initiated Poetry writing to the students. It enhances vocabulary building, grammar skills, punctuation development and sentence structure. In this process, students were asked to narrate a poem on their own only to enhance required language skills.

The process of writing poetry can help build vocabulary. Individuals will learn how to incorporate new words when writing and understand their meanings. Poetry writing will expose individuals to literary devices such as alliteration, metaphors and personification. Their writing skills will improve and writing essays, reports and emails in the future will become easier. It enhances descriptive vocabulary. It provides a wide range of benefits to the students. It enriches language skills.

This practice makes them develop figurative language.

It improves usage of grammar skills effectively.

It develops a taste for literature in them.

It develops the imagination in them.

It enhances aesthetic sense of the students.

Because there are above benefits for the students, poetry writing activity was held for degree first year students on the occasion of World Poetry day 21 March 2024.

Around 21 students with passion for writing poetry, came forward to narrate poems on their own. They chose different areas to narrate the poem. The imagination they put in the poems got vitality to theme of the poem they selected. In this regard, they were given some time in advance for effective delivery of the poem. They narrated all the poems with curiosity.

## REPORT ON GROUP DISCUSSION

*Discussion is an exchange of knowledge; argument an exchange of ignorance.*

**Group Discussion** is a combination of two words 'Group' and 'Discussion. Group means many people are working together to achieve some targets. 'Discussion' means **exchanging ideas between two or more than two people, which is generally a face-to-face interaction**. It is a process of talking between people to reach a specific decision. It is also defined as a conversation about a specific topic. **The end product of group discussion can be a particular decision, enhanced knowledge, actions, an argument, doubt-clearing, disagreement, etc.**

GD is a discussion that tests the candidate's skills, such as **leadership skills, communication skills, social skills and behavior, politeness, teamwork, listening ability, General awareness, confidence, problem-solving skills, etc.**

### **Importance of Group Discussion**

Group Discussions are an essential part of testing **candidates in the organizations, recruitment process, etc.** It also plays an important role in improving the skills of a candidate.

### **Types of Group Discussion**

There are two types of Group Discussion:

- Topic-Based Group Discussion
- Case Study Based Group Discussion

Topics

Knowledge-Based topics

Abstract Topics

Conceptual topics

## PROCEDURE OF GROUP DISCUSSION

Initially, the members of the English department conducted classroom level competition among the respective class students and finalized the students for the college level competition. Almost 74 students were selected by the respective lecturers. In the final competition, on the day 27 December 2023, we segregated the competitors into 10 teams by asking them to count from 1 to 6 and asked each numbered to gather at one place. Hence, each team consists of 6 competitors.

As we planned the competition as a topic-based Group Discussion, we prepared few topics which are very suitable for the competition and to the current trend.

Those are:

1. Urban v/s Rural India
2. Books v/s Movies
3. Use of Technology in agriculture
4. Confidence v/s Knowledge
5. Challenges in career growth
6. Cashless society
7. Status of women in India
8. Impact of social media on society
9. Hard work v/s Smart work

- In the first round we selected students who are well in communication skills.
- In the second round also, priority was given to communication skill and soft skills, and finalized a few for the third round.
- In the third round, the judges meticulously observed each candidate at their **leadership skills, communication skills, social skills and behavior, politeness, teamwork, listening ability, general awareness, confidence, problem-solving skills**, etc. and finalized 11 members for the final round.
- In the final competition, a tug of war was observed; all the participants participated with utmost dedication and showed their confidence.

## REPORT OF DRAMA

The power of drama is being recognised as one of the most effective ways to develop **language skills of the students**. So, we, the department of English under the name of English Eclat, conducted Drama, an activity, on 1 December 2023. Around 10 teams teeming with 90 members participated in Drama activity.

### What is Drama?

Drama is a mode of fictional representation through dialogue and performance. Drama is also a type of a play written for theatre, television, radio, and film.

In simple words, a drama is a composition in verse or prose presenting a story in pantomime or dialogue. It contains conflict of characters, particularly the ones who perform in front of audience on the stage.

### Importance of Drama:

- Drama promotes communication skills, teamwork, dialogue, negotiation, socialization.
- It develops soft skills and emotional intelligence in young people.
- It stimulates the imagination and creativity.
- It develops a better understanding of human behaviour and empathy with situations that might seem distant.
- It allows the development of a critical thinking and allows them to make better and more conscious decisions.
- It encourages them to use their bodies and voices.
- It encourages and inspires them to speak up boldly in front of others.

At the conclusion of the event, in the afternoon at 4 pm, I.R.K. Raju, Principal of BVRC and Ch.S.V. Satyanarayana, Vice-Principal of the BVRC addressed the participants community and congratulated on their commendable competitive edges they possessed. ## COMPERING COMPETITION REPORT

### What is compering competition?

Reading teaches you new words and perspectives. It helps strengthen language and sharpens sentence structure. It gives you a better command over the language. All of these are critical to being a good speaker. As a result, the department of English decided to host Compering competition, a reading activity.

Compering competition is more than a reading skill. As it is said that LSRW are central to achieving effective communication skills. Reading a book with ease and effectiveness is somewhat difficult to many. To improve abilities of reading skills, this competition has been devised. Compering competition was intended to enhance language skills as well as reading skills.

A person who comperes or anchors the show is called an anchor or compere or emcee or announcer or microphone controller. The role of an anchor is to give the audience an idea of the program ahead and keep them engaged and aware of the next program. An anchor should exhibit spontaneity, originality, and genuineness. An anchor should carry the program with ease, grace, elegance, and confidence.

## REPORT ON GROUP DISCUSSION

*Discussion is an exchange of knowledge; argument an exchange of ignorance.*

**Group Discussion** is a combination of two words 'Group' and 'Discussion'. Group means many people are working together to achieve some targets. 'Discussion' means **exchanging ideas between two or more than two people, which is generally a face-to-face interaction**. It is a process of talking between people to reach a specific decision. It is also defined as a conversation about a specific topic. **The end product of group discussion can be a particular decision, enhanced knowledge, actions, an argument, doubt-clearing, disagreement, etc.**

GD is a discussion that tests the candidate's skills, such as **leadership skills, communication skills, social skills and behavior, politeness, teamwork, listening ability, General awareness, confidence, problem-solving skills, etc.**

### **Importance of Group Discussion**

Group Discussions are an essential part of testing **candidates in the organizations, recruitment process, etc.** It also plays an important role in improving the skills of a candidate.

### **Types of Group Discussion**

There are two types of Group Discussion:

- Topic-Based Group Discussion
- Case Study Based Group Discussion

#### **Topic-Based Group Discussion**

There are few candidates in a group, where each group is given any topic. The group members discuss the topic, which is called a topic-based Group Discussion.

The topic-based Group Discussion can be further classified as: Controversial Topics

Knowledge-Based topics

Abstract Topics

Conceptual topics

## PROCEDURE OF GROUP DISCUSSION

Initially, the members of the English department conducted classroom level competition among the respective class students and finalized the students for the college level competition. Almost 52 students were selected by the respective lecturers. In the final competition, on the day 28 June 2023, we segregated the competitors into 10 teams by asking them to count from 1 to 6 and asked each numbered to gather at one place. Hence, each team consists of 6 competitors.

As we planned the competition as a topic-based Group Discussion, we prepared few topics which are very suitable for the competition and to the current trend.

Those are:

1. Urban v/s Rural India
2. Books v/s Movies
3. Use of Technology in agriculture
4. Confidence v/s Knowledge
5. Challenges in career growth
6. Cashless society
7. Status of women in India
8. Impact of social media on society
9. Hard work v/s Smart work

- ➔ In the first round we selected students who are well in communication skills.
- ➔ In the second round also, priority was given to communication skill and soft skills, and finalized a few for the third round.
- ➔ In the third round, the judges meticulously observed each candidate at their **leadership skills, communication skills, social skills and behavior, politeness, teamwork, listening ability, general awareness, confidence, problem-solving skills**, etc. and finalized 11 members for the final round.
- ➔ In the final competition, a tug of war was observed; all the participants participated with utmost dedication and showed their confidence.

## VISUAL PICTORIAL VOCABULARY

Basically, Vocabulary is a very important part of communication. Because it improves all areas of communication and we cannot express our feelings without it. A robust English vocabulary improves overall communication like; listening, speaking, reading, and writing. A great number of words can help you to express your ideas in a meaningful manner.

### OBJECTIVES

We use different words every day to express ideas, thoughts, and feelings to the people around us. Sometimes we communicate successfully and sometimes not. However, a good vocabulary can help us to express what we actually mean.

Vocabulary is the key to learning the English language. Because, without sufficient Vocabulary, students cannot express their ideas or understand others.

Wilkins wrote that "Very little can be expressed without grammar or nothing can be expressed without vocabulary."

As a result, the department of English is concerned about the massive increase of vocabulary of every student who studies in B.V.Raju College. In this connection, we send two visual pictorial vocabulary daily through social media. In the month December, 2023, this daily activity was done.

## VISUAL PICTORIAL VOCABULARY

Basically, Vocabulary is a very important part of communication. Because it improves all areas of communication and we cannot express our feelings without it. A robust English vocabulary improves overall communication like; listening, speaking, reading, and writing. A great number of words can help you to express your ideas in a meaningful manner.

### OBJECTIVES

We use different words every day to express ideas, thoughts, and feelings to the people around us. Sometimes we communicate successfully and sometimes not. However, a good vocabulary can help us to express what we actually mean.

Vocabulary is the key to learning the English language. Because, without sufficient Vocabulary, students cannot express their ideas or understand others.

Wilkins wrote that "Very little can be expressed without grammar or nothing can be expressed without vocabulary."

As a result, the department of English is concerned about the massive increase of vocabulary of every student who studies in B.V.Raju College. In this connection, we send two visual pictorial vocabulary daily through social media. In the month February, 2024, this daily activity was done.

### BEFORE WRITING

Students are asked to work in pairs / individual to read and summarize an article that interests them / him / her in their own words. Each pair / individual then reports back to the class about the article they read the same day or the following day. Students also list words or phrases that are not known to them while summarizing newspaper article.

As I mentioned earlier about the importance of writing skills for student individual, newspaper article writing, an activity based on newspaper was held by the students throughout 2023-2024 by taking the suggestions. My toughest decision was to take admission in B.tech. I belong to a middle-class family, and my father was not in favor of taking admission, but I convinced him, and today he is very happy.

### Possible Answer 3

Before some time when I had to choose between joining a group of employees protesting some issue, and staying away from the issue. ## Reading Comprehension

There is modicum of truth in the assertion that "a working knowledge of ancient history is necessary to the intelligent interpretation of current events". But the sage who uttered these words of wisdom might well have added something on the benefits of studying, particularly, the famous battles of history for the lessons they contain for those of us who lead or aspire to leadership. Such a study will reveal certain qualities and attributes which enabled the winners to win and certain deficiencies which caused the losers to lose. And the student will see that the same patterns recurs consistently, again and again, throughout the centuries.

23. A person who aspires to lead could learn from the history of battles

165 responses

- what led the previous leaders win a battle
- what made them lose a battle
- the qualities and deficiencies of commanders of these battles
- the strategies that they have evolved in course of these battles

24. In this context, "intelligent interpretation of current event" means

138 responses

- rational explanation of events
- appropriate understanding of events
- intellectual outlook on events
- skilful interpretation of events
