MIND MAP PRESENTATION

Our department of Mathematics & Humanities has conducted “**MIND MAP PRESENTATION**” program for all the B.Sc., First year student . To improve their explanation skills and thought process, Students were motivated to participated in this event. Total no.of 45 teams participated on this “**MIND MAP EVENT**” and presented their ideas. Their presentation were more focused on Straight lines, Complex numbers, Integration, Matrices, Statistics and Trigonometric Equations as per the new guide lines by APSCHE, one elective skill paper “**ANALYTICAL SKILLS**” was introduced into the regular curriculum for all the first year UG students from the academic year 2023-2024. It is aimed at improving the skills in analyzing the data which is the for most requirement while appearing for written tests in all the competitive exams. So, in order to improve the skills, all the students were provided a work sheet to analyze and solve some problems on their own, after completing a specific topic the students were enthusiastically responded and put their efforts on worksheets. So far two worksheets, one on the topics Ages, Simple interest, Compound interest and another one are on ration, proportion, percentages and partnership were given to all the students.

To facilitate this, we will provide the list of students with their college email ids. (This training comprises videos prepared by our internal team covering all the basics of Google Suite & a few other tools (Mails, Gdocs, Gsheets, Slides, Gmeet, etc.)

- Faculty will fill the attendance on a daily basis and ensure that all students attend the mock interview without fail.

Report of Soft skills Training Program on Interview Preparedness

(26th March 2024 to 23rd April 2024)

In today's competitive job market, possessing technical skills alone is no longer sufficient to secure a dream job. Employers are increasingly seeking candidates who exhibit strong soft skills such as communication, teamwork, problem-solving, and adaptability. Recognizing this trend, the department of English, B.V.Raju College, with the support of NPTEL local chapter SPOC from B.V.Raju College, Ch. Satyanarayana, held one-month soft skills training program on interview preparedness in collaboration with NPTEL local chapter. It was held from 26th March 2024 to 23rd April 2024. In this training program, 40 students from Degree, 135 students from MCA with two batches, and 75 students from M.Sc with batches participated.

NPTEL team took classes as per schedule devised and designed ahead for each program separately. They allocated 6 days with 9 hours for each program. The schedule for each program comprised of 6 topics such as Oral Communication Skills, Writing Skills, Resume Building, Importance of Presenting Oneself and Interview Skills, Importance of Social Networking in the context of job search, and Doubt Clearing session. Sunitha Narsin for Degree, Divyanshi for batch 1 of MCA, Raja Venkatesh for batch 2 of MCA, Anusha for batch 1 of M.Sc, and Sunitha Narsin for batch 2 of M.Sc took sessions. After completion of schedules, during which every trainer trained the students and equipped them with the knowledge of interview preparedness, the trainers held mock interviews for all the batches of 3 programs on a scheduled dates, based on 10 parameters such as Grooming, Courtesy, Body Language, Resume, Eye contact, Clarity, Confidence, Relevant answers, Language skills, and Attitude that are pivotal for every job aspirant to be considered to combat in the war of interview of a particular job.

Students who attended to these sessions are passionate about learning knowledge of soft skills and interview preparedness knowledge. They interactively participated in all sessions. They also noticed every detail highlighted by trainers. Students are encouraged to participate in group discussions, mock interviews, and team-building activities. These interactive sessions foster a sense of courage among students.

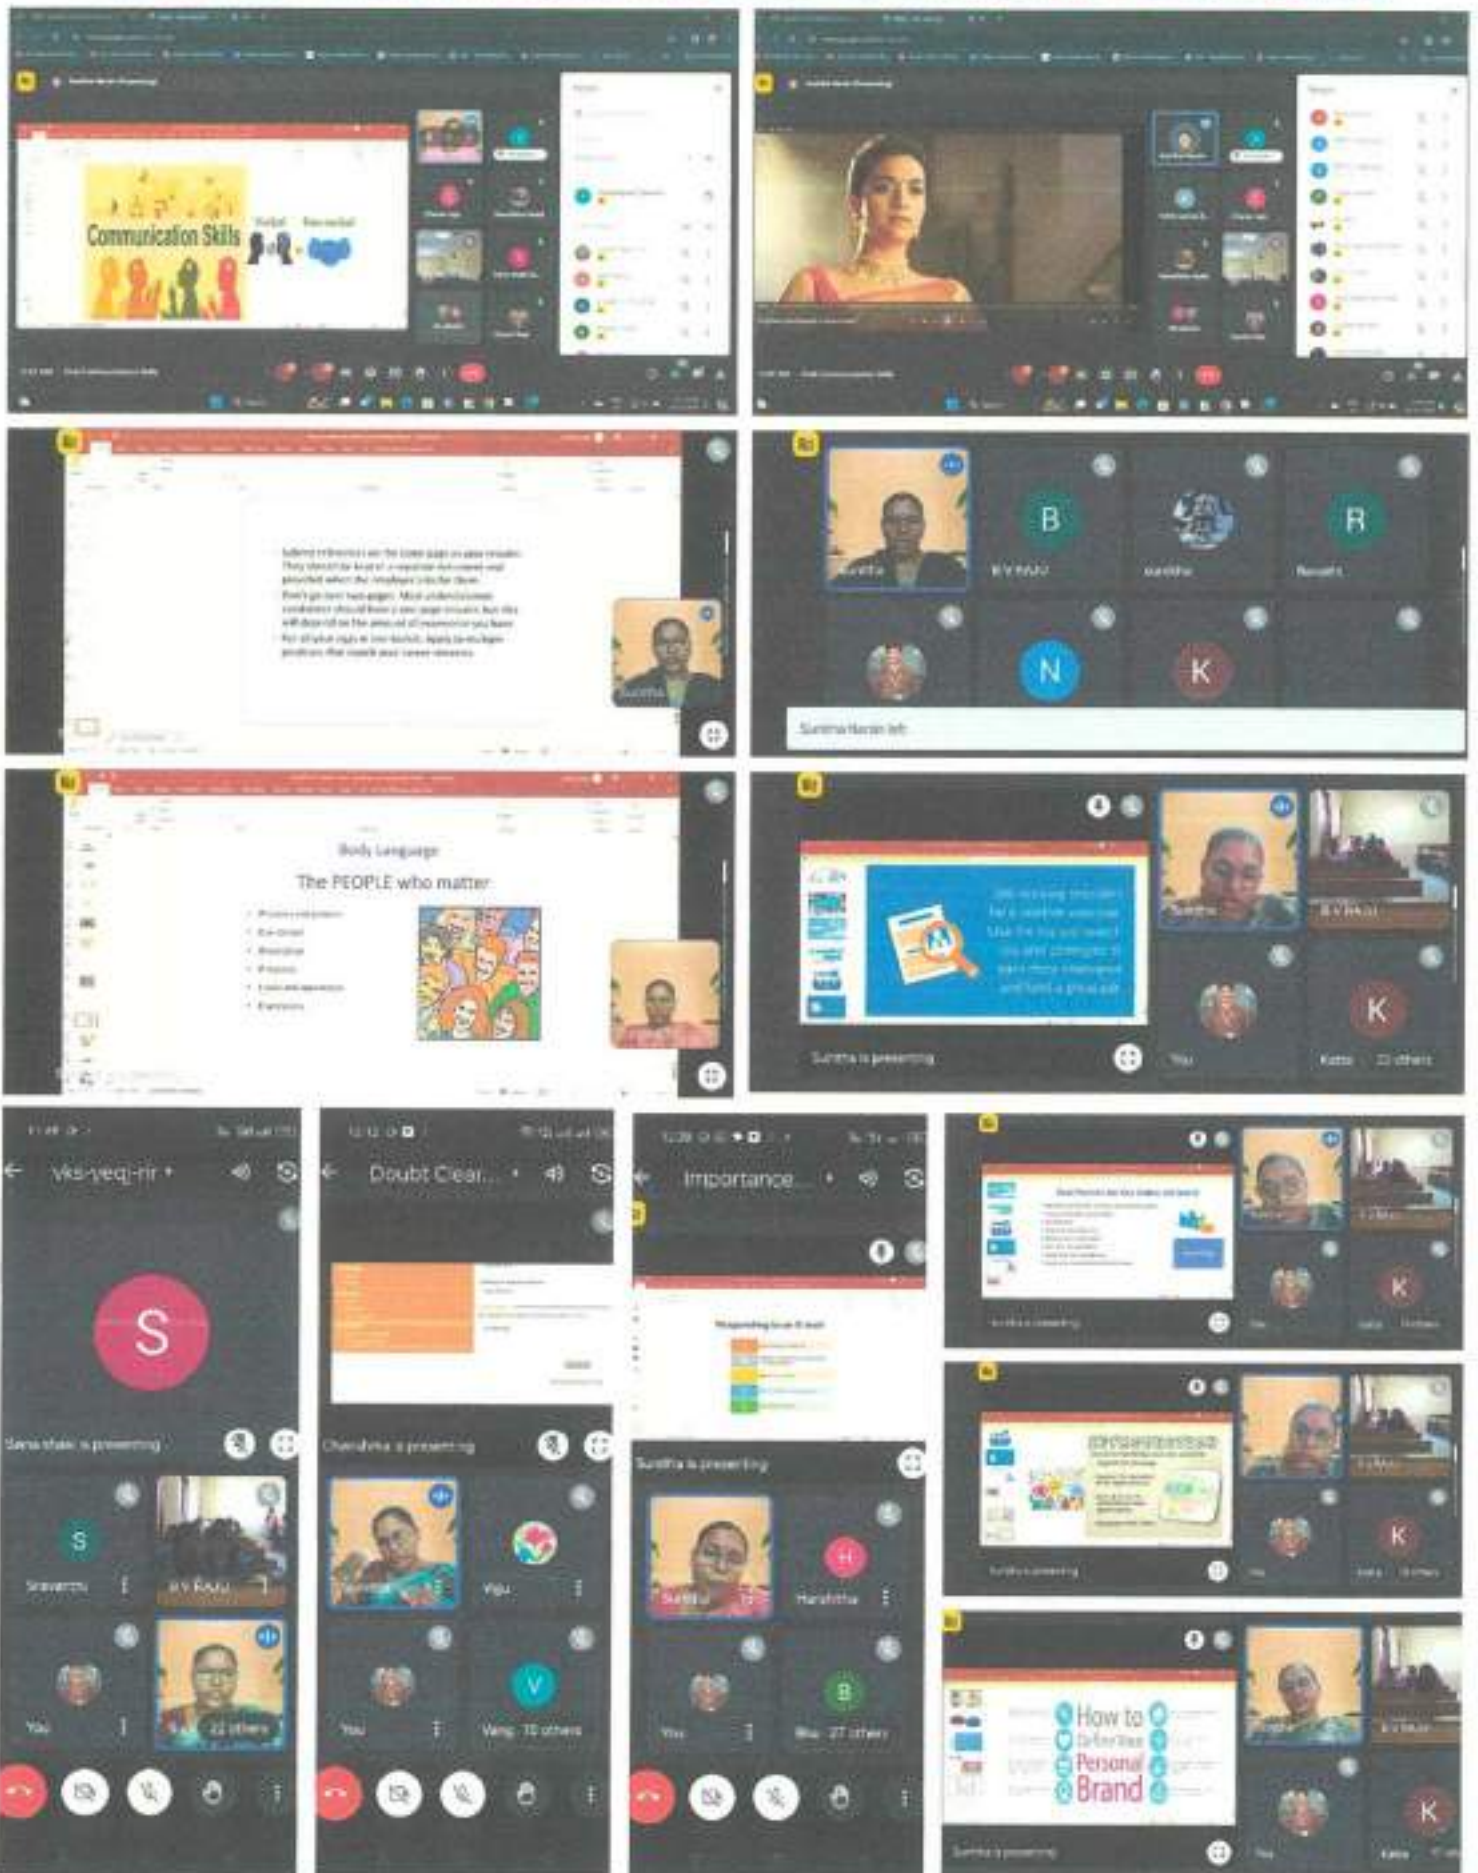

In conclusion, the integration of soft skills training programs in educational institutions plays a pivotal role in enhancing interview preparedness among students. These programs empower students to develop essential interpersonal skills, build confidence, and reduce interview anxiety. The key to their success lies in active student participation, interactive learning, and real-world applications. As students continue to embrace these opportunities, they are better equipped to navigate the job market and embark on successful, fulfilling careers.

WHAT ARE SELF- PRESENTATION GOALS?

SOCIAL BENEFIT

- Example: Meera is a new manager. At her first leadership meeting, someone asked a joke that she doesn't quite get. When everyone else laughs, she smiles, even though she's not sure why.
- By laughing along with the joke, Meera is trying to fit in and appear "in the know."

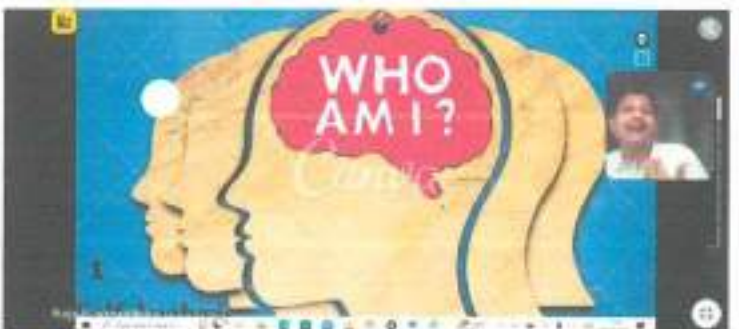

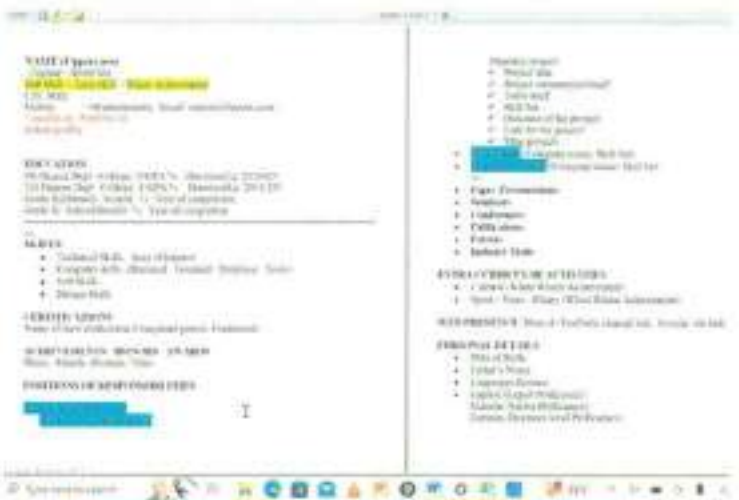

IDENTITY CONSTRUCTION

- Example: Jai is interested in moving in a client-facing role. However, in their last performance review, their manager commented that Jai seemed "more comfortable working independently."
- Declaring themselves a "people person" won't make Jai's manager see there any differently. In order to gain their manager's confidence, Jai will have to show up as someone who can comfortably work with clients and thrive in their new role.

BIOTRENDZ

The Life sciences Department, has designed a Program under the name of “BIO-TRENDZ”, to create innovative thoughts and to do Biology oriented activities. Under this, we are invited students to join in this club on their own interest. The biotrendz club conducts poster presentation, PowerPoint presentation, quiz, mind mapping and project presentation etc. .The good thing about creating an student club is giving chance to students to learn new scientific topics with practical orientation and it is also a place for students to improve their competitive skills. In addition, it enhances ties of cooperation between students and teaching members.
