MEMORANDUM OF UNDERSTANDING WITH INDIAN INSTITUTE OF CHEMICAL TECHNOLOGY

Indian Institute of Chemical Technology is conducting Certificate
Course on Basic Cheminformatics under CSIR Integrated Skill
Development at IICT, Hyderabad every year. The duration of the course is
10 days. Under this course the students have the opportunity to learn
about the docking, molecular modeling, analyzing the drug with the help
of so many softwares. The course is very exciting to the students. The
course is very useful to the students to learn new things and they
experience research atmosphere. B .V. Raju College signed a
Memorandum of Understanding with Indian Institute of Chemical
Technology, Hyderabad for the above said Certificate course 01-02-2019.
Every year our Chemistry(UG) students are attending the certification
course.

1.0 Introduction:

- 1.1.B V Raju College and CSIR-IICT agree to enter into an MOU Under "Skill Initiative Program" of CSIR-IICT,
- 1.2. This Memorandum of Understanding ("MOU") sets out below the principles by which the BVRC and CSIR-IICT can establish a formal agreement regarding such activity.

2.0 Principles

- 2.1 The activities covered by this MOU will centre on the following:
 - CSIR-HCT will impart Basic Cheminformatics Certificate Course training to BVRC students.
 - ii. The intake of students is 25-30 per batch size
 - iii. The program is designed for 10 working days. The training will include basic undergraduate level Cheminformatics theory & practicals monitored by CSIR-IICT Scientists & staff.
 - iv. CSIR-IICT will provide facilities to students for class room teaching and computer systems for practical sessions.
 - BVRC will share the employment details of the students after their course completion to CSIR-IICT.

3.0 FINANCIAL RESOURCES AND PERSONNEL

- 3.1 BVRC Would pay Rs.10000/-(Rupees Ten Thousand only) per each student including GST to CSIR-IICT towards Basic Cheminformatics Certificate Course as a part of Skill Enhancement Course(SEC).
- 3.2. Any activity carried out within the broad framework of this MOU shall be the subject to the mutual consent of parties, taking into account any constraints of time, funding and other relevant resources.

4.0. Separate Agreements

In addition, it is envisaged that each activity, that the parties wish to pursue in accordance with the purpose of this MOU will be governed by terms and conditions to be separately negotiated and mutually agreed upon by the parties through the signing of one more subsidiary agreements.

5.0. Renewal Amendment and Termination:

- 5.1. This MOU shall be effective for an initial period of 3 years from this date. Thereafter, this MOU may be extended for any other period of time as deemed appropriate by both parties, subject to their mutual consent any such extension to be made in writing.
- 5.2. Either party may amend or vary this MOU at any time provided it is with the prior written consent of both parties.
- 5.3. Either party may terminate this MOU at any time by giving six month's notice to the other party in writing.

6.0. General

- 6.1. The parties to this MOU shall not be deemed to be in breach of this understanding or otherwise liable to any other party in any manner whatsoever for any failure or delay in performing or initiating the activities proposed in this MOU.
- 6.2. This MOU records the understanding between the parties and is not intended to be a legally binding document and shall not be enforceable in any court of law.

In witness whereof, the parties hereto have signed this MOU on the day, month and year mentioned herein before.

The Head master, Municipal High School, KOVVADA

Respected Sir,

Sub: Seeking for permission to perform an extension activity i.e.haemoglobin testing, hygiene and hand wash and nutritional awareness for children at your school.

Life Sciences Department students and N.S.S.volunteers of our B.V.Raju college planned to test Haemoglobin percentage and create an awareness on hygiene and hand wash and nutrition to children under an extension activity at your school. 8 of our Life Sciences department faculty members, our Life Sciences department students along with Anganwadi health workers will involve in this activity. We are requesting you to kindly give permission to utilize this activity at your school.

Thanking you.

Yours Sincerely,

/ pri Principal

FIELD VISIT

A feild visit was conducted for III B.com students to Vyshnavi Spintex Ltd,. On 07/08/2020. Where two faculty members got accompanied along with the students. the visit was very useful as students have a scope to gain practical knowledge about how the usage of raw materials and storekeeping works and they can able to know about the costing and management techniques and how they can help to solve the real time problems with the base of cost control techniques. the visit also made students get knowledge about how the workers and wages are treated with the methods key learn about machine per hour rate or men per hour rate etc. The company members allowed our students to each selection of the firm and tried to explain them in a very simple manner. Students enjoyed the visit and felt satisfied with the things they know about their learning
