8<sup>th</sup> Feb 2019

To

Mr. G Chakradhara Rao,  
Lecturer in Computer Science,  
B V Raju College,  
Vishnupur,  
Bhimavaram.

Dear sir,

Sub: Letter of Appreciation

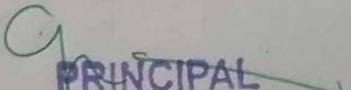

Thank you very much for delivering an informative and though provoking lecture series on "Tally with GST Applications" held from 12<sup>th</sup> Nov 2018 to 8<sup>th</sup> Feb 2019 at RRDS Govt Degree College, Bhimavaram.

It was really a splendid lecture which exposed students to the field practices. All the students appreciated and got benefitted from the views on the subject.

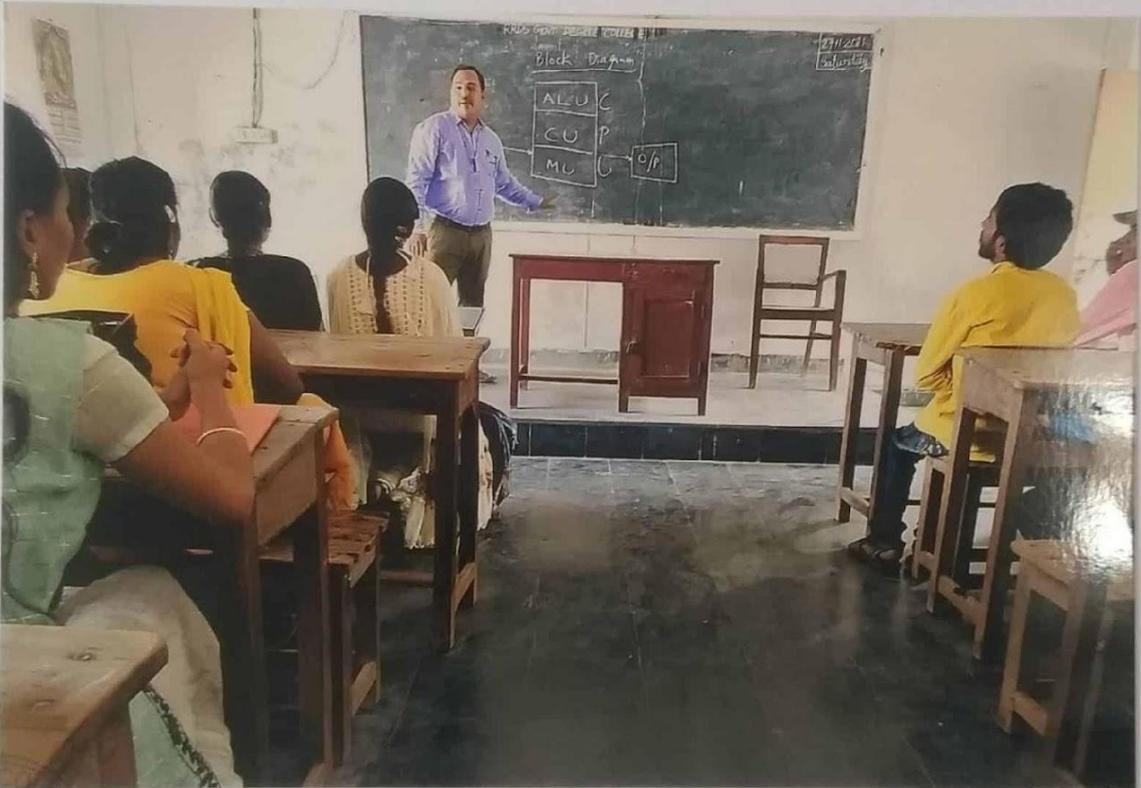

Looking forward for your cooperation for the promotion of profession as education in future as well.

Thanking you.

Yours Sincerely,

## **B.V.RAJU COLLEGE**

### **DEPARTMENT OF M.Sc., CHEMISTRY**

#### **KNOWLEDGE CENTER**

College management is also running a Knowledge Center located at Kumudavalli village, the birth place of the founder chairman Dr.B.V.Raju. It offers expert teaching Physics, Chemistry, Mathematics, Biology, Computers and English with hands on experience. All the sister institutes of the management extend the expert teaching on the above subjects.

The B.V.RAJU KNOWLEDGE CENTER extends its services to the surrounding government schools including Zilla Parishad high schools. The management operates a bus to the schools to bring the students of a particular class in the morning session and drop them in afternoon. Every day students of a particular class or a particular school are brought to the knowledge center for this kind of expert teaching. The main aim of knowledge center is to provide hands on experience by conducting laboratory sessions in addition to the teaching.

The schools where there are no lab facilities are identified in a circle of 20 km for this purpose.

The department of M.Sc., Chemistry is taking both theory and practical sessions for the students. Final year M.Sc., (Organic & Analytical students) are encouraged to take some topics in chemistry and also certain practical sessions, In addition to the students some faculty members are also engaging the teaching sessions for senior students. This helps the PG students in teaching practice in future assignments.

## B.V.RAJU COLLEGE

### D.DEPARTMENT OF M.Sc., CHEMISTRY

#### KNOWLEDGE CENTER ACTIVITY – 2018

Mr. R. L. Satyanarayana demonstrated and explained about the determination of boiling point of water to the students of 9<sup>th</sup> clas JLB High school, Bhimavaram on 10<sup>th</sup> September, 2018. He explained about the different combination reactions and mechanisms of reactions to the students of 10<sup>th</sup> class students of A.R.K.R Municipal high school on 14-11-2018.

## **B.V.RAJU COLLEGE**

### **DEPARTMENT OF M.Sc., CHEMISTRY**

#### **KNOWLEDGE CENTER**

College management is also running a Knowledge Center located at Kumudavalli village, the birth place of the founder chairman Dr.B.V.Raju. It offers expert teaching Physics, Chemistry, Mathematics, Biology, Computers and English with hands on experience. All the sister institutes of the management extend the expert teaching on the above subjects.

The B.V.RAJU KNOWLEDGE CENTER extends its services to the surrounding government schools including Zilla Parishad high schools. The management operates a bus to the schools to bring the students of a particular class in the morning session and drop them in afternoon. Every day students of a particular class or a particular school are brought to the knowledge center for this kind of expert teaching. The main aim of knowledge center is to provide hands on experience by conducting laboratory sessions in addition to the teaching.

The schools where there are no lab facilities are identified in a circle of 20 km for this purpose.

The department of M.Sc., Chemistry is taking both theory and practical sessions for the students. Final year M.Sc., (Organic & Analytical students) are encouraged to take some topics in chemistry and also certain practical sessions, In addition to the students some faculty members are also engaging the teaching sessions for senior students. This helps the PG students in teaching practice in future assignments.

**B.V.RAJU COLLEGE**  
**DEPARTMENT OF M.Sc., CHEMISTRY**  
**KNOWLEDGE CENTER ACTIVITY-2019**

Mrs. B. Nagamani, faculty of the M.Sc. Chemistry department explained and demonstrated the method of determination of melting point of ice to the student of IX class SVS, Bhimavaram on 20-08-2019. She explained the physical and chemical properties of acetic acid to the students of X class of ZPHS, Kopalle on 22-08-2019

A report on workshop on communication skills dated 02 September 2020

02 September 2020 is the date when one day workshop was conducted on the topic of communication skills at B.V.RajuCollege. Dr.Ch.V.Srinivas inaugurated the workshop with his charming words.

Afterwards the resource person took the two sessions of whole day to enrich the knowledge of importance of communication skills in the present society.

In the morning session, he predominantly provided the students with ins and outs of basic communication skills importance, how to lose the fear of stagefor providing some tips, and how to present before other with bold spirit without hesitation. In the second session, he conducted some activities on what he said in the morning session. Finally, workshop was ended at 5 am with the oat of thanks.

## **B.V.RAJU COLLEGE**

### **DEPARTMENT OF M.Sc., CHEMISTRY**

#### **KNOWLEDGE CENTER**

College management is also running a Knowledge Center located at Kumudavalli village, the birth place of the founder chairman Dr.B.V.Raju. It offers expert teaching Physics, Chemistry, Mathematics, Biology, Computers and English with hands on experience. All the sister institutes of the management extend the expert teaching on the above subjects.

The B.V.RAJU KNOWLEDGE CENTER extends its services to the surrounding government schools including Zilla Parishad high schools. The management operates a bus to the schools to bring the students of a particular class in the morning session and drop them in afternoon. Every day students of a particular class or a particular school are brought to the knowledge center for this kind of expert teaching. The main aim of knowledge center is to provide hands on experience by conducting laboratory sessions in addition to the teaching.

The schools where there are no lab facilities are identified in a circle of 20 km for this purpose.

The department of M.Sc., Chemistry is taking both theory and practical sessions for the students. Final year M.Sc., (Organic & Analytical students) are encouraged to take some topics in chemistry and also certain practical sessions, In addition to the students some faculty members are also engaging the teaching sessions for senior students. This helps the PG students in teaching practice in future assignments.

Dr.N.Prudhvi Raju participated in faculty exchange program with DNR College, Bhimavaram. He delivered the lecture on **Principles of asymmetric synthesis** to the 2nd year M.Sc. Organic Chemistry students on 06-03-2021 & 08-03-2021 in the afternoon session. 30 students attended for the lecture and the lecture on Introduction and terminology, nomenclature & Stereo selective reactions. With this they got a clear about idea about the concepts and different reactions involved in Principles of asymmetric synthesis.

Feedback has been collected by the Host College. They gave the consolidated feedback report.
