Writing is a productive skill. For today's employee at an office, writing skills are essential. Undoubtedly, the way we convey our messages, ideas and thoughts decide the career growth of the professionals. Today's students are tomorrow's employees. As a result, we initiated newspaper article writing to the students. It enhances vocabulary building, grammar skills, punctuation development and sentence structure. In this process, students select a news article from newspaper by thorough understanding at first.

BEFORE WRITING

Students are asked to work in pairs / individual to read and summarize an article that interests them / him / her in their own words. Each pair / individual then reports back to the class about the article they read the same day or the following day. Students also list words or phrases that are not known to them while summarizing newspaper article.

As I mentioned earlier about the importance of writing skills for student individual, newspaper article writing, an activity based on newspaper was held by the students throughout February 2023 by taking the suggestions. A total of 20 students from first year degree have reviewed articles in the newspaper.
