CIVILS TRAINING FOR
SECOND YEAR DEGREE

As per present scenario, we are in the competitive world. Everything is secured by putting enough efforts in attaining practical knowledge, but not by mere bookish knowledge. Moreover, students in the present world, are going after competitive exams and aspire to attain to a secured government job. Having known the desire of the students who are after government jobs like Groups, Civils, etc., we began to conduct training program with regard to competitive exams and was continued to conduct every year.

For the academic year, on 18 November 2022, B.V.Raju College began conducting Civils and Groups training program to the students who aspired to Competitive exams. It is still being continued. In January, training was given to them for 10 hours. For a week, we provided two training classes with two hours. The training is purely based on the current affairs, history of the society and general knowledge. N. Satish kumar, Groups officer, from Agatsya Institution for all competitive examinations was invited to give training to the students.
