Role of police in curing the crimes against women

- I think police play a very important role in every person's safety. They play a very crucial role in women and girl's safety.

The major roles of police is give protection to the common ladies who do not have financial support and an uneducated people.

Immediate Support:-

1. Immediate Response:- The first thing that the police should do is listening to people they should have patience to listen to people problems they have to respond very quickly. If they respond lately this cause dearth of many lifes.

2. Fast trace trackers:- As we all know that the technology has improved a lot so the polices should also update. They have to track fastly and help every one to get track by their phones.

3. protective shelter:- The polices have to prepare shelter who is being violated. They have to give them support and justice.

Enforcement & Justice

• strong Court laws:- There should be a strong laws to the persons who are violating and there should be a zero tolerance.

• Justice should be fast:- The victims has to go to court and should get Justice fast. Every one have to support them and they should get equal rights.

• should have sever punishments:- The person's who are creating problems should punish according to law. No one should get an excuse.

Now a days polices are like bribe taker they were not under the Justice they were under the Money mask. Our country is lack of immediate Justice. Every one should get an awarness and fear about Justice & Constitution. If there is fear no one will commit any mistake.

Education:-

shools & college's:- The students have to know the rights and laws. Every one should aware of this. They should conduct meetings and all meetings about this. ~~the~~ everyone should get this.

Technology:-

Apps:- They have to get update, they should increase the efficiency. ~~about~~ Everyone should have this app and every have aware about this. Their should be an improvement in polices

- First of all every police officer should have some values, honesty and sincerity they have to do their Job with respect. They than they can do more things in the Justice. They have write correct FIR's they have to respond correctly. They have to show equality in status. They have to be kind also. polices can do anything to get Justice if they were sincer. They should improve every thing in their Jobs they have to update and to have some ethical values.
