PROCEDURE OF ELOCUTION

Initially, the members of the English department conducted class room level competition among the respective class students and finalized the students for the college level competition. Almost 83 students were selected by the respective lectures.

So we encouraged students to and present their own interest of topics in order to maintain enthusiasm to prove themselves.

Some of the students choosed very interesting and trending topics like.

- Imagination
- Culture
- Friendship
- Modern technology

And presented with utmost earnestness.

On the same day, the Judges meticulously observed each candidate communication skills, confidence, Politeness & Fluency and finalized the winners. All the participants participated with utmost dedication and showed their confidence.

REPORT ON ELOCUTION

On 18th and 23rd September 2024, the department of English conducted a two-days Elocution competition for the first-year students. The competition was designed in two rounds. About 83 students from all the branches of degree programs participated in the competition. The main objective of this competition is to improve the communication skills and public speaking skills of the students.

In today's competitive world, effective communication skills are essential for every student. The desire of every student is to get an impressive job at the end of the degree course. It is well-known that mere desire for getting an impressive is not enough to attain a good job. Apart from that, it also requires skill set, particularly communication skills.

For many students, especially from rural background, cannot meet their goals because they don't have effective speaking skills before the public gathering or even sometimes in between two individuals. As a result, this Elocution competition was aimed to equip the students with necessary skills for fulfilling their desires in their career pursuits.

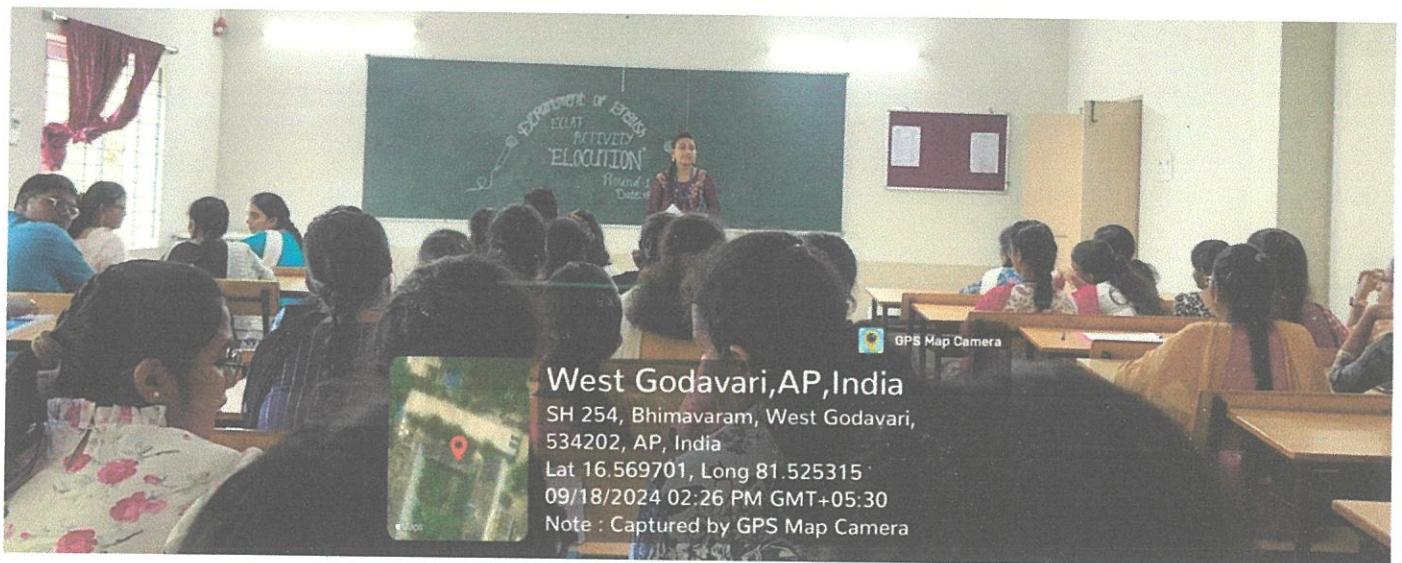

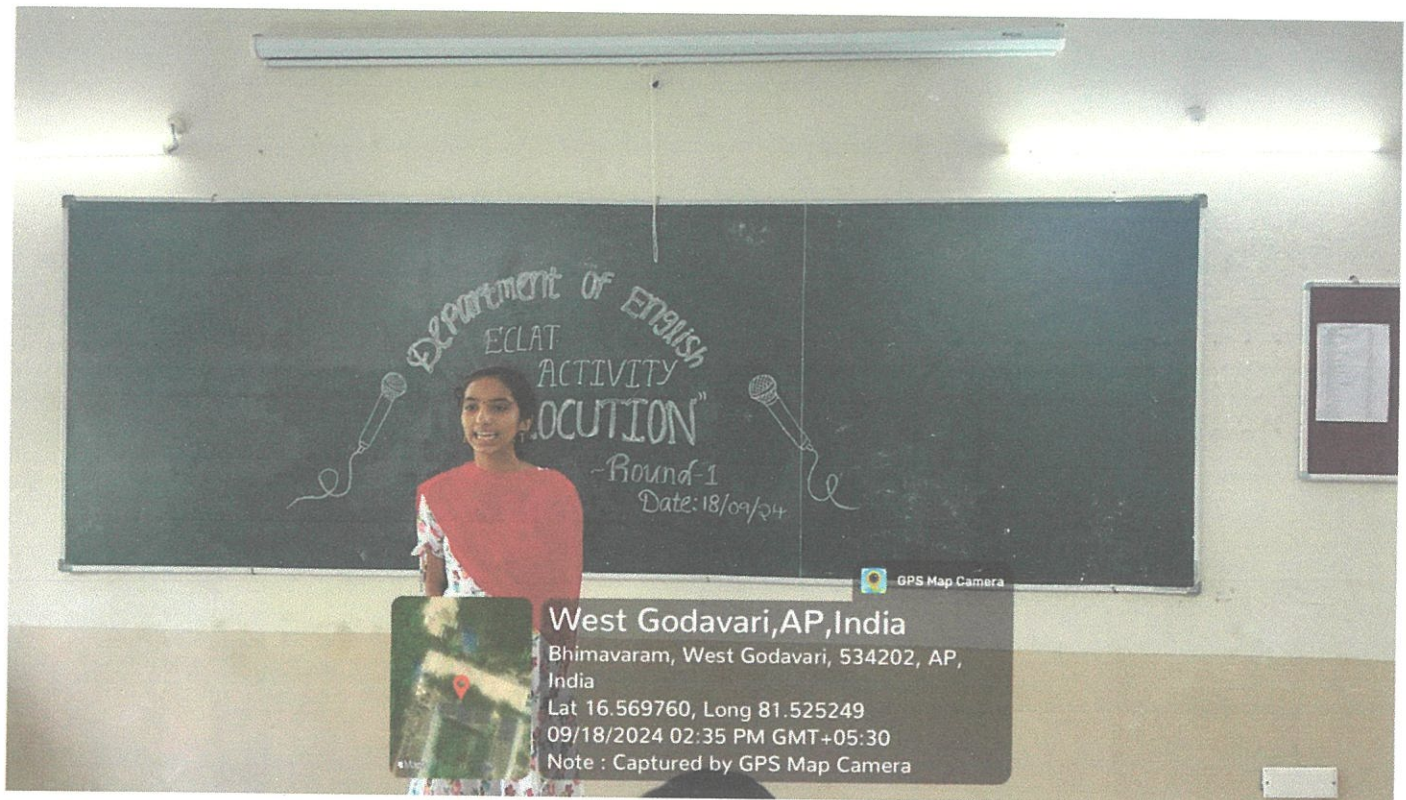

Objectives:

- To cast out the fear from the bottom of the heart that is the main cause for the students not to develop speaking skills.
- To help students speak clearly and confidently in front of an audience.
- To make students think deeply about important topics and share their ideas with others.
- To give students the chance to feel more comfortable and confident while speaking on stage.
- To motivate students to do their best and learn from each other in a fun and supportive environment.
- To help students practice and improve their ability to express ideas clearly in English.
