DEPARTMENT OF LIFESCIENCES

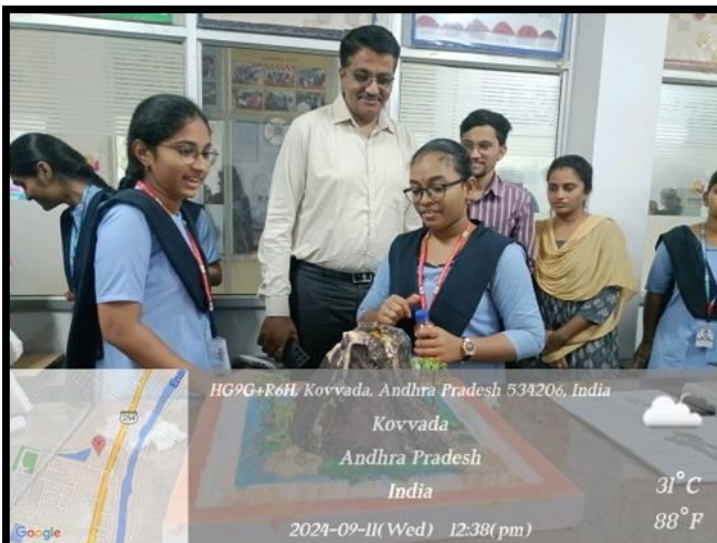

BIOTRENDZ

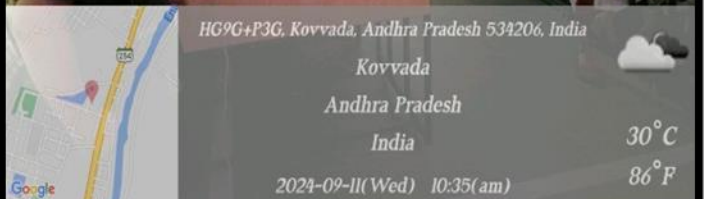

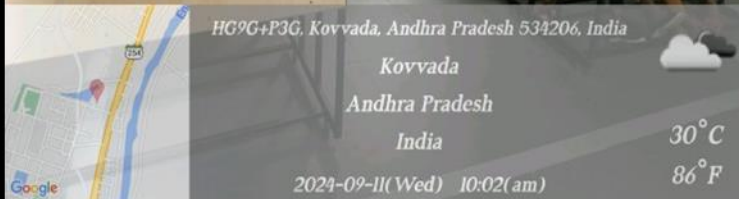

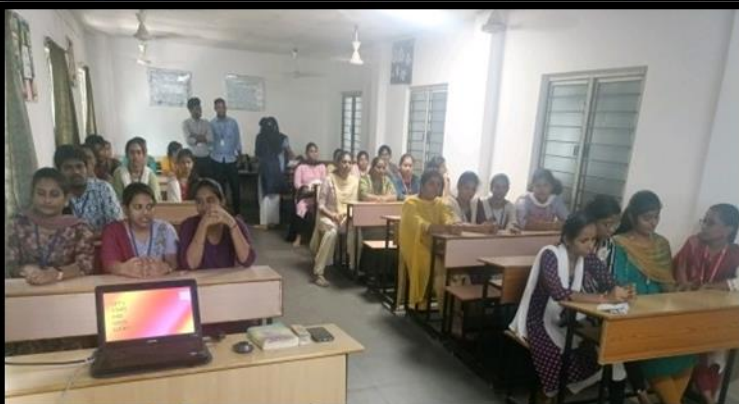

On 10th & 11th September 2024, the department of life sciences B V RAJU COLLEGE (A) conducted activities under the name of Biotrendz for first and second year life sciences students. Plant (medicinal) expo, odd man out and pay for the clue activities for first years students, around 70 students were actively participated and explored the medicinal values of plants. prototypes, one line sentences and pay for the clue for second year students, around 90 students were actively participated and explored the live working models.

Department of lifesciences.as a part of biotrendzs club **plant(medicinal) expo and pay for the clue activities** were conducted for the ist year students.on 11th sep 2024 **plant(medicinal) expo** were conducted. to help the students to improve their knowledge about medicinal plants.a medicinal plant expo is a trade show and conference that showcases the latest development,research and innovations. around 40 students were actively participated in this event. on 11th sep 2024 & 12th sep **pay for the clue** activity were conducted. where odd man out was conducted as the qualifying round.where the students qualified were sent to pay for the clue round.pay for the clue were conducted to enhance the students in analytical thinking and problem solving to enhance fast thinking capability. A round 70 students were actively participated in this event.

prototypes and pay for the clue activities were conducted for the 2nd year students. on 11th sep 2024 prototypes(working live models) were conducted. to enhance the students to explore the world of sciences and their skills with a unique,interactive learning experience showcasing working live models that demonstrate human anatomy and physiology. 12th sep 2024 **pay for the clue** activity were conducted where one line sentence was conducted as the qualifying round.where the students qualified were sent to pay for the clue round.pay for the clue were conducted to enhance the students in analytical thinking and problem solving to enhance fast thinking capability. around 70 students were actively participated in this event.
