**BVRC**

### DEPARTMENT WISE EVENTS

#### MATHS & HUMANITIES

- Essay Writing competition (SANSKRIT)
- Hands-on Training program through IDEALAB

#### PHYSICS & ELECTRONICS

- SCIENCE FESTA 2K23
  1. PPT competition
  2. Poster Presentation
  3. Photography
  4. Demo Projects

#### UG CHEMISTRY

- Visual quiz on "Chemistry"
- CHEMISTRY IN DAILY LIFE at intermediate colleges in Bhimavaram

#### MCA

- Guest lecture on "Machine Learning with Python"
- Interaction program on "How to start a career in Software"
- Guest lecture on "Impact of Public Key Cryptography on Information Security"
- Interaction program on "How to feel well and do well in their studies"
- Interaction program with Smt. Santhi Nannapaneni, Director of Student Affairs, University of ILLINOIS, USA
- Freshers' and Farewell function
- Attended VEDIC workshop on "CO and PO ATTAINMENT"
- Short film making by MCA students

#### LIFE SCIENCES

- Farm yard manure preparation visit
- ECOTONE event participation
- PYROLYSIS
- BAKE expo

#### M,Sc CHEMISTRY

- CHEMVISME (PPT activity)
- Alumni, Mr.K. Subrahmanyam, Trainee Chemist, Laurus Lab, interaction with II M.Sc
- Alumni, Ms.Y. Jaya Sree, Jublaint Biosys limited, Noida interaction to II M.Sc

#### B.Com

- Awareness program on "MBA course"
- Group discussion on "Insurance and Promotion"

#### COMPUTER SCIENCES

- PPT Presentation
- Poster Presentation

#### ENGLISH

- Describing Objects for second year students
- Picture Perception for first year students
- Visual pictorial vocabulary
- Newspaper article writing
- VIFA Short film competition
- Freshers 2023

## EVENTS

"Science Festa 2k23" is celebrated every year by the department of Physics and Electronics in commemoration of the "National Science Day."

In 1986, the Government of India, under then Prime Minister Rajiv Gandhi, designated February 28 as National Science Day to commemorate the announcement of the discovery of the "Raman Effect". The Raman Effect was the discovery which won physicist Sir CV Raman his Nobel Prize in 1930. Conducting a deceptively simple experiment, Raman discovered that when a stream of light passes through a liquid, a fraction of the light scattered by the liquid is of a different color. This discovery was immediately recognized as groundbreaking in the scientific community, being the subject of over 700 papers in the first seven years after its announcement.

As a part of this, on 27 and 28 February 2023, Science Festa 2k23 held. It included four events: three on the first day and one on the second day respectively.

The students from UG and PG participated in all the programs with lots of enthusiasm. PPT, Poster presentation and Photography competitions were held on 27<sup>th</sup> February and students presented their projects on 28<sup>th</sup> February in forenoon session. Prize distribution took place on 28<sup>th</sup> February Afternoon session at MCA seminar Hall. The Science Festa 2k23 is a crucial event which was designed to promote scientific temper among B V Raju college students. Science festa highlights the importance of scientific research and its contributions to society.

A total of 89 students participated in all the 4 competitions. They are: 14 students from PG and 75 students from UG; 20 students participated in the power point presentations; 5 students participated in the photography competition; 23 students participated in the poster presentation; and 41 students participated in the project making. Winners got finalized by the panel of judges in each event and cash prizes were given for Projects.

## SCIENCE FESTA - 2K23

PPT & POSTER PRESENTATION ON 27/02/2023

## DEPARTMENT OF PHYSICS &amp; ELECTRONICS

## PPT CONCEPTS:

1. USE OF IOT IN OUR DAILY LIFE.
2. USE OF NANO TECHNOLOGY IN ELECTRONICS.
3. BOOLEAN ALGEBRA.
4. USE OF DIFFERENTIAL EQUATIONS IN SOLVING PHYSICS PROBLEMS.
5. APPLICATIONS OF SUPER CONDUCTORS.
6. NAVIC (INDIAN GPS).
7. COMPUTER NETWORKING.
8. CARNOT'S CYCLE AND KIRCHOFF EQUATIONS (THERMO DYNAMICS).
9. ORDER OF REACTIONS.

## POSTER CONCEPTS:

1. SENSORS.
2. LIFI (LIGHT FIDELITY).
3. WIRE LESS ELECTRICITY.
4. RENEWABLE ENERGY.
5. ADVANTAGES OF ANALOG AND DIGITAL ELECTRONICS.
6. USE OF AI.

#### EVENTS

The students from II MPCs Y. ANNAPPA, P. KRISHNA MOHAN designed two types of Bluetooth speakers in the innovation center as per the customer specifications. Two faculty members purchased them and this is an encouragement to the students. In future also, students from innovation center will design and build electric gadgets as per customer requirements.

## FARMYARD MANURE PROJECT

Farmyard manure improves the soil structure and is used as a natural fertilizer in farming. It increases the soil capacity to hold more water and nutrients. It also increases the microbial activity of the soil to improve its mineral supply and also the plant

- These are a good source of macronutrients.
- Improves soil fertility.
- Cost-effective
- Reduces soil erosion and leaching.
- Improves the physical properties of the soil and aerates the soil.
- Improves the water and nutrient holding capacity of the soil.
- It can be transported easily.
- Methane gas is evolved as the by-product of manure that can be used for cooking and heating purposes.
- The crops grown on the land treated with manure produces healthy crops.

The department of Life sciences students visited to farmhouse which is located at Kovvada nearby B.V.Raju College. It was, with a view to make the students able to understand and observe the things in the farmhouse. On paying a visit to farmhouse, students learnt how the various useful resources were used to make the farmyard manure as well as the production of methane gas. This methane (bio fuel) was used for most of the essential tools or objects which we use in our life daily. Moreover, what we learned from the farmhouse was put into implementation and guided these techniques to the uneducated farmers.

## EVENTS

R.Harshitha Devi (btbcc) won the second prize in the project expo on behalf of B.V.Raju College and her subject was pyrolysis.

Pyro means "heat," "lysis" is "break down," and "pyrolosis" is "the conversion of low grade plastic into fuel and other essential oil in the presssnce of thermal degradation of materials under high heat at 400 to 900 degrees Celsius without any harmful harmful gases production the petrol is produced and other raw materials were also produced from this and for low cost it means up to 40/50 rupees per litter we can produce so that it is a very useful process today and the petrol and desil prizes are rising so that we can decrease the plastic pollution and also waste management in the environment and it is very useful process.

 Kakinada

## ECOTONE

On 8 February 2023, students from Life Sciences from B.V.RAJU college, Bhimavaram competed in the events at ECTONE. A total of 12 students are: R. Harshitha Devi (BTBCC), T. Divya sree (BTBCC), N. Manjula (BTBCC), Rama Tulasi (BTBCC), Keerthiprasanna (BTBCC), CH.Alekhyia (BTBCC), S.Keerthana (BTBCC), Vyshnavi (BTBCC), K.Gayathri (MBBTBC), Tejeswini (MBBTBC), K.V.V.Manidheep (MBBTBC), Gopichandh (MBBTBC) and with help of faculty, J.RAMESH professor, participated in ECOTONE event conducted by ADITYA degree college for women, in Kakinada on various events like PROJECT EXPO, POWER POINT PRESENTATION, QUIZ, PROBLEM SOLVING, and FUN AND FAIR events.

Participating in the Ectone competition, they acquired more practical knowledge which they felt that it would be useful in their future endeavours as well as they enjoyed a lot getting involved in cultural activities that were eye-popping.

## BAKERY EXPO

MONTHLY

NEWSLETTER - 2023

## EVENTS

Now a days, the whole world is running after the business that is flourishing rapidly. As a consequence, student individuals, after the Degree courses, wish to do professional cortication courses along with their academic skills.

This is the reason why, Life sciences department introduced Bakery and confectionary certificate course which can provide more credentials for the students to do business relating to bakery. It was because of great increase in the population every day and the demand of food preparation was also increased. Students, who joined in this course, are offered theoretical and practical training. They are taught how to prepare pastry foods, desserts, bakery foods, and other palatial and mouthwatering items.

On 15 Feb 2023, Bakery and confectionery course students conducted the Bake Expo-sales cum exhibition in a grand manner under the guidance of M.E.V.V.Rambabu, HOD of Life science. Dr I R K RAJU, Principal of BVRC and SATYA MOORTHY, PRINCIPAL of Vishnu School paid a visit to the Bake Expo. His presence filled the entire area of Bake Expo with joy and happiness. He, whole heartedly, enjoyed the baked items and admired all the students for their mastery in making the pastry items that are mouthwatering. Other college principals, HODS and faculty members, who have a great liking for bakery food items, also enjoyed and praised the program.

School children came and enjoyed all baked items. This expo was continued until 4 pm at the school ground.

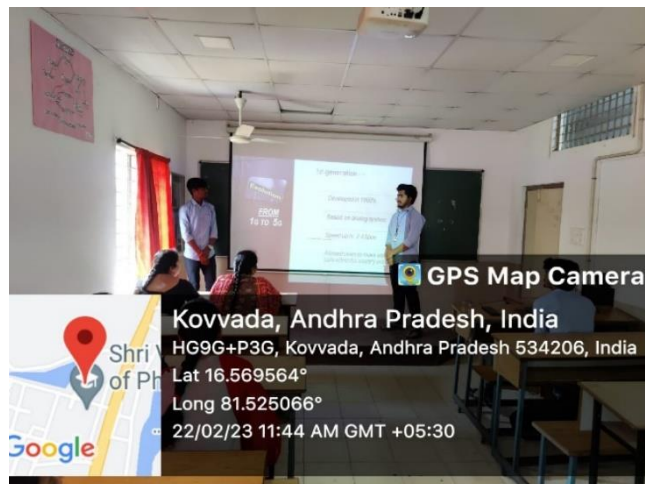

## EVENTS

The department of computer science conducted "Power point presentation on current trends and technologies for II BSc Students. It was intended to educate the students about the importance of new technology in present days. And also, this program will invoke the abilities of student communication skills. In this regard, The HOD of Computer science started the program at 11:00 AM on 22<sup>th</sup> February 2023 in B V Raju college. Around 30 students are participated in this event.

## OBJECTIVES

1. It invokes the hidden talents of student to present a topic.
2. To develop and improve teamwork.
3. Time management.
4. Improves communication skills.
5. To convey the message clearly in an interesting and controlled manner.
6. To improve the body language like standing position, eye contact and voice modulation etc.

## POSTER PRESENTATION

Poster Presentation provides a visual representation of research through text, charts, graphs, and other visual aids. An activity "**Poster Presentation on Computer Science latest technologies**" conducted by Computer Science Club for I BSc Students. In this regard, Vice-Principal Mr. Ch. Satyanarayana and HOD of Computer science Mr. R.Rama Rao inaugurated this program at 10:00 AM on 24<sup>th</sup> February 2023 at library in B V Raju College. A total of 30 students are actively participated in this event. Mr. Y. Srinivasa Raju, Asst.Prof., and Ms. K. Raja Rajeswari, Asst.Prof., from department of MCA acted as judges for evaluating students presented posters on computer science latest technologies.

## POSTER PRESENTATION

MONTHLY

NEWSLETTER - 2023

## EVENTS

The main objectives of the Poster Presentation Activity are as follows: This activity enhances the presentation and communication skills of a student and which will be helpful for thinking capability of a student. Based on this activity the students can aware of the computer science latest technologies easily. It also proves the hidden skills of a student. Every student will definitely get a benefit for their participation in this activity.

Based on the students' performance judges finalized the winners of Poster Presentation conducted by Computer Science Club.

## VISUAL QUIZ

MONTHLY

NEWSLETTER - 2023

## EVENTS

The Department of chemistry(UG) has designed a Program under the name of **C-HUB**, to create innovative thoughts and to do chemistry oriented Activities. The Department of Chemistry(UG), has conducted chemistry activity called **VISUAL QUIZ** on behalf of Chemistry Club (C-HUB), on **24.02.2023**. The students of Chemistry club are actively participated in this **VISUAL QUIZ** event. We divided them into ten groups. Also, we awarded them with a certificates and prizes who got first,second and third.

## EVENTS

To make intermediate students know about the importance of chemistry as well as to choose their path in the field of chemistry (UG/PG/Research) as scientist, the department of chemistry (UG) initiated chemistry foundation programme named "**CHEMISTRY IN DAILY LIFE**". As a part of this, we went to intermediate colleges where the students are studying MPC whom we aimed to motivate. On 13 February 2023, we visited Browning Jr.College, Bhimavaram, West Godavari dist.

- Usage of chemistry in daily life.
- Job opportunities in PSU like DMRL, ONGC, DRDO etc.
- Research Awareness (at IICT, NCL, IISC & CMI) & Studies at abroad.
- Importance of Sciences in Civil Services Exams.
- Job opportunities in pharmaceutical industry.
- Job opportunities in software companies (Cheminformatics).
- Job opportunities in manure industry.
- Job opportunities in Cement & Ceramic industry.
- Job opportunities in Dye & Cloth Industry.

On 15 February 2023, we visited Divya Jr.College, Undi, West Godavari dist. in order to make the second intermediate students aware of chemistry and its importance.

## EVENTS

On 02 February 2023, we visited Government Jr.College, Yendagandi, West Godavari dist. in order to make the second intermediate students aware of chemistry and its importance.

On 03 February 2023, we visited Tirumala Jr.College, Bhimavaram, West Godavari dist. in order to make the second intermediate students aware of chemistry and its importance.

## ESSAY WRITING

MONTHLY

NEWSLETTER - 2023

## EVENTS

Department of Mathematics & Humanities has been initiated an activity called “**Essay writing competition**”. Under this Program we educated the students about the importance of epics in future their endeavors. In this regard, we started this program at 11.00 am on 23<sup>rd</sup> February 2023 in B V Raju college, with the Participation of around 80 students.

## HANDS ON TRAINING

The department of Mathematics & Humanities conducted an activity called “**HANDS ON TRAINING THROUGH IDEA LAB**” for second year Statistics students.

Under this Program we motivate the students in different aspects through new ideas in future endeavors. In this regard, we started this program on 2<sup>nd</sup> February and 4<sup>th</sup> February, 2023 in B V Raju college, with the Participation of around 15 students.

This activity enhanced enthusiasm for learning things through practical observation. They understood that this is going to be useful in their upcoming future decisions taken by them.

## EVENTS

The Department has organized an awareness program on MBA course and its future opportunities for III B.com Students on 02 February 2023. The Students have participated with utmost enthusiasm to know about the ways to approach specialized courses and acquired awareness about the course structured placement and other flexibility of IBS (ICFAI BUSINESS SCHOOL).

The program got organized Under the guidance of D Satyanarayana, HOD, Department of Commerce and all the Department faculty members. Mr K.Naveen, manager IBS addressed students and created much knowledge which help students to choose their career path effectively.

## GROUP DISCUSSION

The Department of Commerce conducted a Group discussion on Insurance and promotion for First B.com students on 21/02/2023 to enhance the discussing skills of students on the topics of insurance and its importance, insurance as a career, insurance Vs Mutual funds etc. The students Discussed the topics given and many of the students Defended their points with very logical points to explain their point of view in a very convincing manner. The activity got organized under the guidance of P. Syamala Deepthi, Assistant professor, Department of commerce.

## EVENTS

Students must learn how to describe things in English, such as places, persons, and objects. To be able to meet the demands of the job market after graduation, they must arm themselves with the understanding and use of English structures and vocabulary.

They might decide to work as a salesperson, a tour guide, or even pursue writing as a profession. They will require English to operate effectively in whatever field they choose. This unit and the ones that come after it were created with this goal in mind.

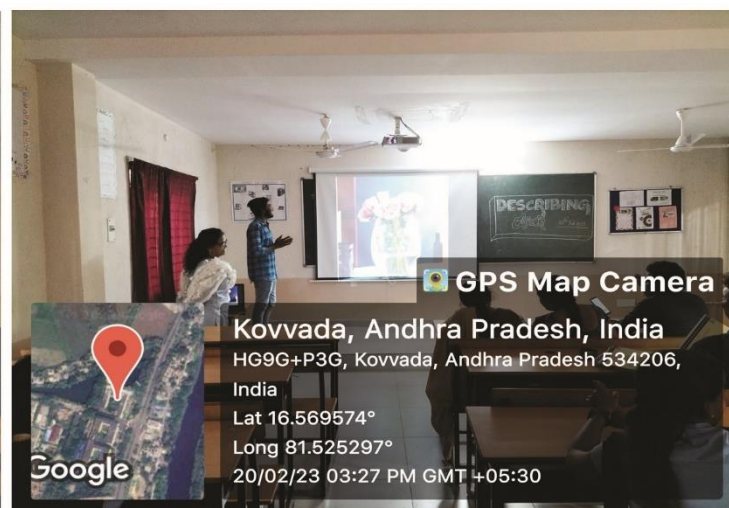

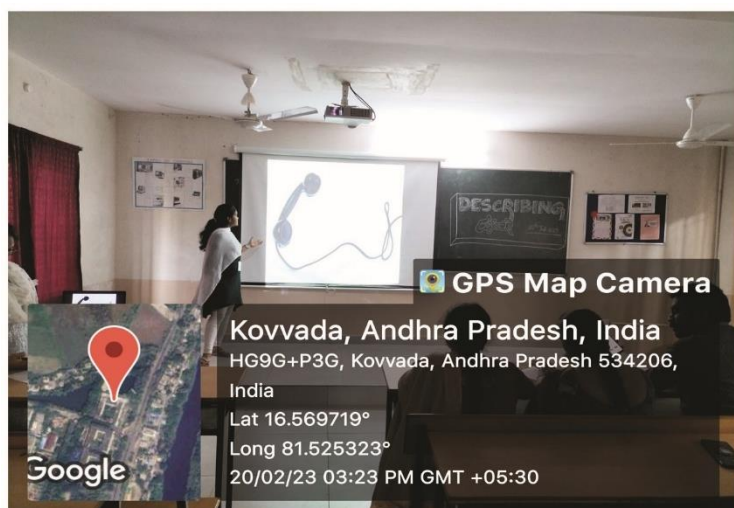

While wishing to describe anything, one must have an eye for the details. One must be a good observant of the object. Apart from that, to be able to describe well, an individual has to focus on some parts: Functions, Components, Characteristics like material, shape, dimensions, property and colour, and connection between parts. On the whole, one will develop much skills by describing an object.

As a result, an activity, describing objects was conducted for students on 20<sup>th</sup> February 2023.

## OBJECTIVES:

Participating actively in Describing objects, the students are able to get benefitted the following benefits:

1. Sentence framing and language skills.
2. Vocabulary improvement.
3. Developing more familiarity with adjectives which is the most important part for describing an object.
4. Verbal skills are improved.
5. Understanding levels will be improved.
6. Logical thinking.
7. Creative thinking skills
8. Descriptive language is developed.

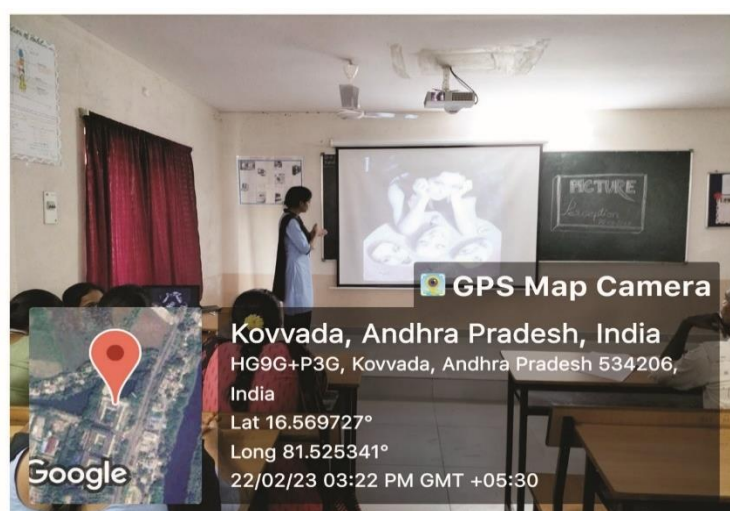

## EVENTS

Picture perception is the process of attaining awareness of understanding of the environment by organizing and interpreting sensory information. All perception involves signals in the nervous system, which in turn result from physical stimulation of the sense organs. Perception is not the passive receipt of these signals, but can be shaped by learning, memory and expectation.

Visual perception of displayed images is a key factor in human decision making," Vishwanath notes, "Properly describing how humans view and perceive images will provide a better understanding of why people respond positively to some images and negatively to others."

As a result, Picture perception was organized to first year students on 22 February 2023. Prior to this competition, students, who showed their competitive skills in the class room, were selected at class room level and were sent to the final competition. At the competition, students were guided to describe the picture, which was message oriented, for 30 seconds and perceive the picture. While perceiving, they have to use only simple present, or present continuous tense to express his opinion.

## OBJECTIVES:

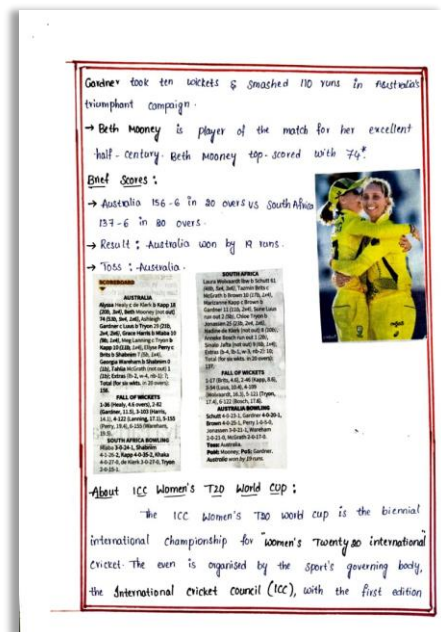

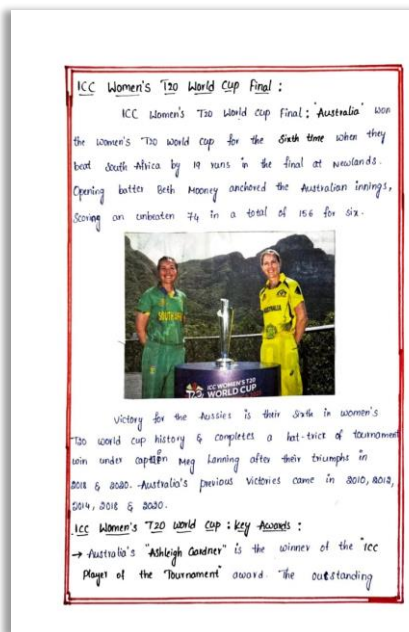

Participating actively in picture perception, the students get benefitted the following:

1. Sentence framing and language skills.
2. Improves positivity.
3. Understanding levels will be improved.
4. Logical thinking.
5. Creative thinking skills
6. Descriptive language is developed.

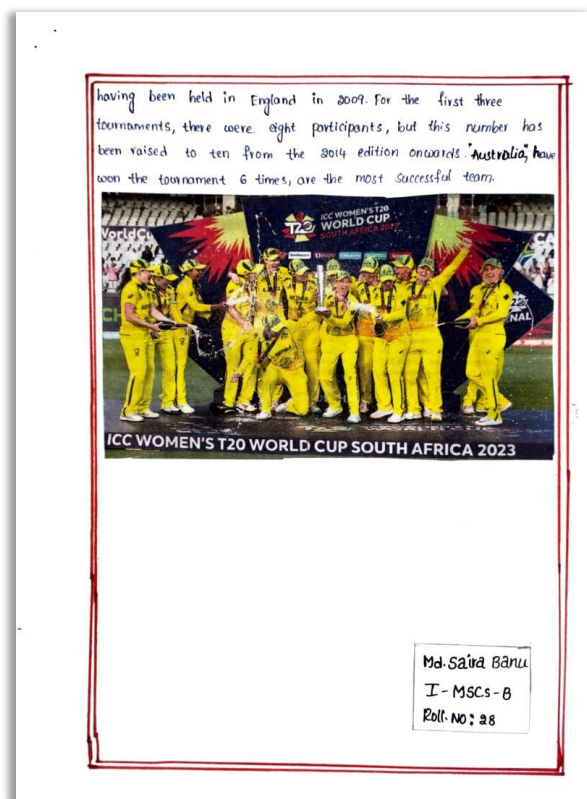

Writing is a productive skill. For today's employee at an office, writing skills are essential. Undoubtedly, the way we convey our messages, ideas and thoughts decide the career growth of the professionals. Today's students are tomorrow's employees. As a result, we initiated newspaper article writing to the students. It enhances vocabulary building, grammar skills, punctuation development and sentence structure. In this process, students select a news article from newspaper by thorough understanding at first.

## BEFORE WRITING

Students are asked to work in pairs / individual to read and summarize an article that interests them / him / her in their own words. Each pair / individual then reports back to the class about the article they read the same day or the following day. Students also list words or phrases that are not known to them while summarizing newspaper article.

As I mentioned earlier about the importance of writing skills for student individual, newspaper article writing, an activity based on newspaper was held by the students throughout February 2023 by taking the suggestions. A total of 20 students from first year degree have reviewed articles in the newspaper.

## Visual pictorial vocabulary

Basically, Vocabulary is a very important part of communication. Because it improves all areas of communication and we cannot express our feelings without it. A robust English vocabulary improves overall communication like; listening, speaking, reading, and writing. A great number of words can help you to express your ideas in a meaningful manner.

01-02-2023

**B. V. RAJU COLLEGE**  
Daily Words

**SOPHOMORIC**  
Immature, childish

Although Steve is normally a responsible young man, he tends to behave in a sophomoric manner when he is drunk with his fun-loving friends.

**MINUTIAE**  
Tiny unimportant details.

The detective got immersed in the crime scene looking for important details that seemed like minutiae to everyone else.

**DEPARTMENT OF ENGLISH**

11-02-2023

**B. V. RAJU COLLEGE**  
Daily Words

**MARGINALIA**  
Marginal notes in a textbook.

There are many books in the shelf. I am searching for a book with marginalia for effective understanding of the subject.

**SERENDIPITY**  
An unsought, unintended, and/or unexpected, but fortunate, discovery.

I toiled to get admission in Oxford University twice, but I lost. By serendipity, I was given a golden opportunity of studying there later.

**DEPARTMENT OF ENGLISH**

23-02-2023

**B. V. RAJU COLLEGE**  
Daily Words

**VIVA VOCE**  
An oral examination, typically for an academic qualification.

The professor believes in viva voce methods and requires all of his students to discuss their opinions out loud.

**PLIABLE**  
Soft, flexible, easily bent, formed, or molded.

PVC covered pliable conduit is ideal for cable protection. This lightweight tube is easily bent by hand and retains its shape once bent into position.

**DEPARTMENT OF ENGLISH**

## Objectives:

- We use different words every day to express ideas, thoughts, and feelings to the people around us. Sometimes we communicate successfully and sometimes not. However, a good vocabulary can help us to express what we actually mean.
- Vocabulary is the key to learning the [English language](#). Because, without sufficient Vocabulary, students cannot express their ideas or understand others.
- Wilkins wrote that "Very little can be expressed without grammar or nothing can be expressed without vocabulary."

Since it is a daily activity to make the students know rich in vocabulary, throughout February 2023, vocabulary was sent through social media.

27-02-2023

**B. V. RAJU COLLEGE**  
Daily Words

**LITMUS TEST**  
Any test which produces a decisive result to do something.

A panel of interview is conducting a litmus test consisted of a few questions to determine whether to appoint someone to a job.

**DEPRIVE**  
To take something away from (someone) and keep it away.

Although mother is obsessed with the health, she would never deprive her children of junk food.

**DEPARTMENT OF ENGLISH**

## FILMMAKING

Now a days, students with gifted creative talents and abilities, who are still being educated, wish to go after different careers instead of conventional jobs.

Amidst those careers, Filmmaking, undoubtedly, can be said to provide creative career because it is an effective platform for the individuals, who foresee their career in film industry, to develop writing, directing, editing, etc., are obligatory for producing a complete film. We encountered some of our students who are in a quest of making Short films and recognized their creative talents.

Taking their talents into an account, we wanted to build their creative skills. As a consequence, VCLC launched a new initiative, a film club, entitled with VIFA (VISHNU INDIE FILM AURA), and it was inaugurated by Dr. I.R.Krishnam Raju, Principal and Sri Ch.S.V. Satyanarayana, Vice-Principal, on 21<sup>st</sup> September 2022. Permitting the students, under the auspices of cultural coordinator, they were probed into commission of making short films. They directed the first film named SIVAME SATYAM by team MITRABRUNDAM and was released amidst of student community and faculty.

## JUDGEMENT BY FILM DIRECTORS

SIVAME SATYAM got such a wide response, and many prominent personalities appreciated the “A Team Mithrabrundham” who shot the film. With the inspiration and encouragement from the management, VIFA held a short film contest among the students of SVES, Bhimavaram. Eleven teams enrolled for the short film competition and submitted their films to VIFA. All the short films were sent to two prominent upcoming film directors to be judged.

1. **Sanjeev Reddy** - Director

**Films:** Login (Debut film)

ABCD (American Born Confused Desi) Lead Allu Shirish

Ladies and Gentlemen (Login remake into Telugu)

2. **Suresh Dasari** - Associate Director

**Films:** Bhimbhisaara, Anubhavinchu Raja

## EVENTS

## Prize Distribution

On 21<sup>st</sup> February 2022, prize distribution of short film contest was taken place at miniplex in Vishnu society. Sri. K.V.Vishnu Raju, Chairman of SVES and Sri Ravichandran Rajagopal, Vice Chairman attended this prize distribution function to present prizes

## Sri. K.V.Vishnu Raju addressing

Addressing the student community short film contestants at miniplex in SVES, Sri. K. V. Vishnu Raju, Chairman of SVES, first of all congratulated all contestants on their accomplishments in making thought-provoking and message-oriented short films. He then added that it had been, in fact, their objective to establish a film making environment for the students who aspire to settle in creative careers like film making. This short film competition amidst the student community of all colleges in SVES came as an opportunity to me to develop this short film making more and more and establish a good environment for the future endeavors to make short films.

## Sri.Ravichandran Rajaopal addressing

Addressing all the contestants of short films, Sri Ravichandran Rajagopal appreciated everyone for their avidity in the art of film making.

## Prize distribution

Followed by the speeches of chief guests, prize distribution took place. It was a pride moment for all short film contestants to get prizes from the hands of Sri. K.V.Vishnu Raju and Sri. Ravichandran Rajgopal. To all the winners, they distributed prizes.

## EVENTS

On 16<sup>th</sup> February 2023, a fabulous fresher's party for the newly joined students of BV Raju College, was held at Boys Sports Ground in our college campus, Sri Vishnu Education Society, Bhimavaram. It was arranged by the second-year students. All the VCLC student coordinators did the best to make the function a grand success.

They invited the Principal of the college Dr. I R Krishnam Raju sir as the chief guest and the Vice Principal Sri Ch S V Satyanarayana sir as the guest of honor for the celebration. After offering floral tributes to late Padmasri, Dr BV Raju garu and Smt B Seetha Devi garu, and a prayer song by the choir, the honorable chief guest inaugurated the function at 11:00 am.

The chief guest of the function Dr. I R Krishnam Raju garu addressed the gathering with his inspiring words. Both, the chief guests appreciated the senior students for the arrangements. Later, the senior students welcomed the junior and the juniors received cordially and expressed their happiness.

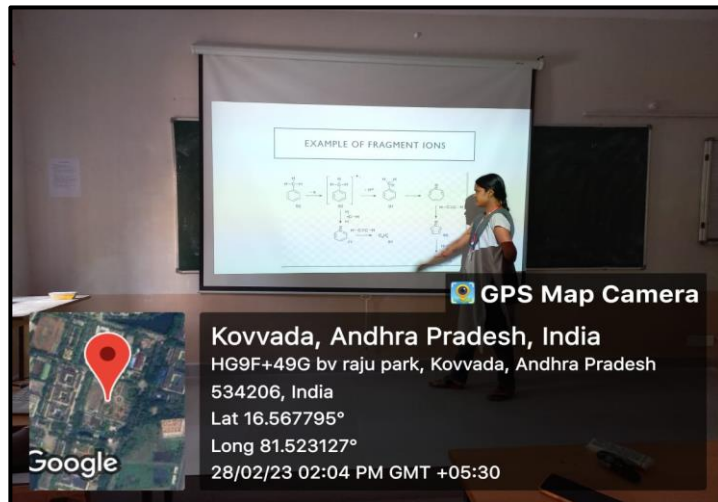

After speeches, cultural group of the college performed their songs, dances and mime etc. on the stage and entertained all. In between the programs around 12:45 a lunch break was given to have a delicious lunch arranged by the seniors. The cultural programs were continued up to 4:30 pm in the evening. Finally, the program ended with the vote of thanks by the student coordinators and they requested the chief guest and the guest of honor for a group photo; they got it and recorded a sweet memory.

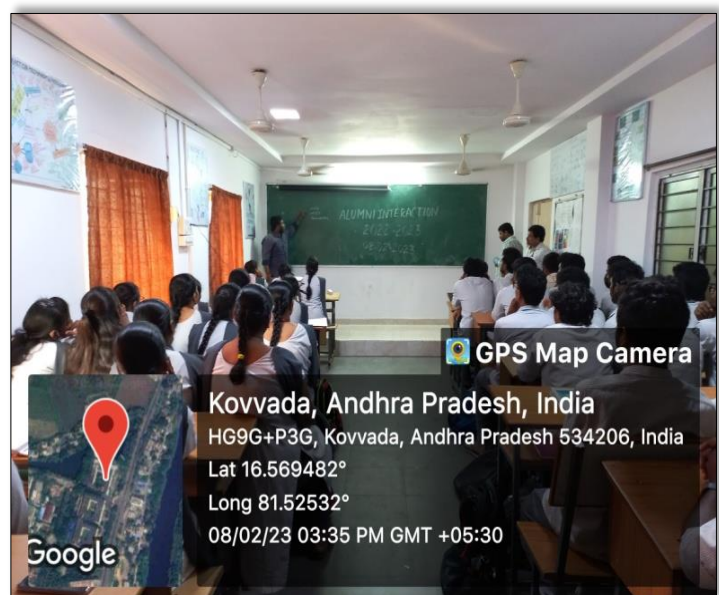

## EVENTS

Department of M.Sc. Chemistry conducted CHEMVISME (PPT) competition on the occasion of **National Science Day** for Final M.Sc. Organic & Analytical Chemistry students. 14 Students participated in this competition. And the following student are the winners.

## ALUMNI INTERACTION

Alumni of M.Sc. Organic chemistry (batch:2020-22) **Mr. K. Subrahmanyam, Trainee Chemist, Laurus Labs (Wet lab, Raw materials)** interacted with II year (Final) M.Sc. Organic Chemistry students on **08 February 2023**. He Explained about the different Departments in the Laurus laboratory, especially about the Quality control department where he is currently working. He shared his experiences and explained about the Schemes that he is doing in the laboratory. He suggested the students that they should concentrate more on named reactions, spectroscopy and Chromatography techniques. Moreover, he interacted and motivated the students towards CSIR –UGC NET.

Alumni of M.Sc. Organic chemistry (batch:2017-19) **Ms.Y. Jaya sri** working at **Jublaint Biosys limited, Noida** and **Ms. M.V.Alekya** interacted with II (Final) M.Sc. Organic & Analytical Chemistry students on **20-02-2023**. They explained about AR&D and R&D departments to the students and also they motivated the students to higher studies.

## GUEST LECTURE

MONTHLY

NEWSLETTER - 2023

## EVENTS

A Guest Lecture on “**Machine Learning with Python**” was conducted to I & II MCA students by Professor Dr. P. Sita Rama Murthy, Department of IT, Vishnu Institute of Technology on 08/02/2023 in MCA Seminar hall.

## INTERACTION PROGRAM

An Interaction with MCA Alumni student Rajesh, Developer, Evoke Technologies, Hyderabad (2013 Passed out) to I MCA First Semester Students on topic “**How to start a career in Software**” was conducted in MCA Block on

## GUEST LECTURE

A Guest Lecture on “**Impact of Public Key Cryptography on Information Security**” by Dr. SrinivasaNareshVankamamidi, Dean R&D, Professor Department of CSE, Sri Vasavi Engineering College, Tadepalligudem to II MCA Students was conducted on 11-02-2023 in MCA Seminar Hall.

### INTERACTION PROGRAM

An Interaction with Psychology department faculty V.L.Sowmya and D.Naveen, student counsellors with I MCA Students about “**How to feel well and do well in their studies**” in MCA Block on 28-02-2023.

### INTERACTION PROGRAM

Sagi. Praveena of I MCA Student was participated in a National Level 5 Day BOOTCAMP & 24-Hour HACKATHON on DATA SCIENCE USING PYTHON was conducted from 06-02-2023 to 12-02-2023 by Dept. of Information Technology, SRKR Engineering College, in collaboration with Brainovision Solutions India Limited Bhimavaram.

#### INTERACTION PROGRAM

All MCA Girl Students participated in “interaction program with Sri M. Venkaiah Naidu Garu, former Vice President of India” on 11-02-2023 in SVES campus. About 4500 Girl students, Faculty and staff of SVES Green Meadows campus institutions participated and made it a grand success.

#### INTERACTION PROGRAM

MCA Students who are interested to go for higher studies abroad participated in an “interaction with Professor Smt. Santhi Nannapaneni, Director of Student Affairs, University of ILLINOIS, Chicago, USA” on 13-02-2023 in MCA Seminar Hall.

All MCA students were organized and involved in PG courses **Fresher's and Farewell Function** **Hola Amigos...** in SVES Sports Complex Green Meadows campus on 4<sup>th</sup> February 2023.

### STUDENT'S PARTICIPATION IN ACTIVITY

I & II MCA students were participated and secured First, Second and Consolation prizes in Paper Presentation and Poster presentation conducted by "Department of Physics and Electronics on occasion of Science day" on 28 February 2023.

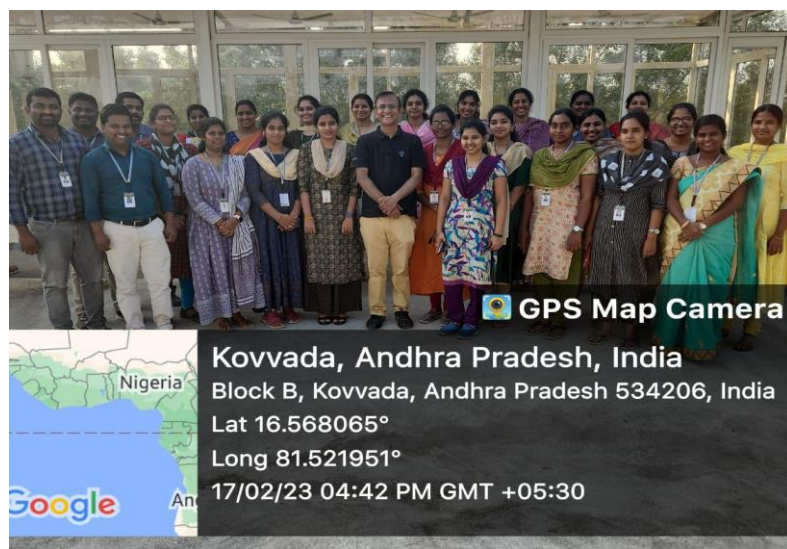

Sri. V. Bhaskara Murthy, HOD & Associate Professor, Department of MCA was participated in UGC sponsored workshop in two-day National workshop on **"Advances in Cloud Computing"** Organized by Department of Computer Science and Engineering, ANU College of Sciences, Acharya Nagarjuna University on 3-4 February 2023.

## VEDIC WORKSHOP

Two of MCA Faculty members, namely Ms. K.R.Rajeswari and Ms. V.SriValli Devi were participated in **"Instructional Design & Analytics for Teaching Effectively (IDEATE)"** a Vedic Workshop on CO and PO attainment in MCA Block 3 days from 15-02-2023 to 17-03-2023.

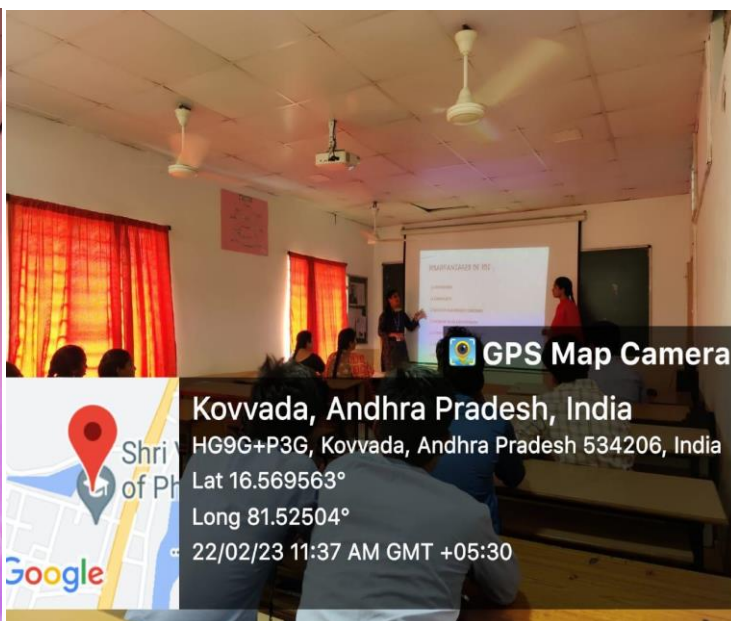

## ACTED AS A JUDGE FOR CS PROGRAM

MONTHLY

NEWSLETTER - 2023

## EVENTS

MCA faculty Ms. K. R. Rajeswari was acted as an judge for evaluating student's performance in PowerPoint presentation conducted by Department of computer science on 22/02/2023.

## ACTED AS JUDGES FOR CS PROGRAM

Two MCA Faculty members, namely Ms. K.R.Rajeswari and Mr.Y.Srinivasa Raju acted as an judge for evaluating students performance in Poster Presentation conducted by Department of computer science on 24/02/2023.

## STUDENT'S ACHIEVEMENT

MONTHLY

NEWSLETTER - 2023

## EVENTS

First MCA students directed and presented a short film "THE STRUGGLE" in "Short film Festival named VISHNU INDIE FILM AURA (VIFA) conducted by VISHNU CULTURAL & LITERARY CLUB (VCLC)" and won First place and awarded a cash prize of Rs. 5000/- on February 21, 2023 at Miniplex, SVES Green Meadows Campus.
